Description (material/optics): double wall 304 grade stainless steel bottle body; Lid/cap of plastic (PP – Polypropylene) with clear/silicon gaskets

### Safety precautions:

#### Safe Usage

- Do not place stainless steel drinkware in the microwave, as they can cause sparks and damage the appliance.
- Avoid placing products in the freezer, as the material can contract, potentially damaging the Drinkware.

#### Cleaning and Maintenance

- Clean Drinkware thoroughly after each use, especially if used for acidic or strong-flavored liquids. Use mild soap and warm water.
- Drinkware are not dishwasher-safe, as high temperatures and detergents may damage the finish or insulation.
- Do not use steel wool or harsh scrubbers, as they can scratch the surface.
- Remove and clean any silicone seals, gaskets, or lids regularly to prevent mold or bacteria build-up.

#### Material Awareness

- Do not expose to bleach or other corrosive chemicals, as they can damage the stainless steel.
- Regularly check product for dents or damage that might compromise its insulation or safety.

#### Food and Beverage Safety

- Avoid using sealed Drinkware products for carbonated beverages, as the pressure build-up can cause the lid to pop off unexpectedly.
- Do not store acidic liquids (e.g., juices, vinegar-based drinks) in these products for extended periods, as they may corrode the stainless steel over time.

#### Environment and Usage

- Keep Drinkware away from small children when filled with hot liquids.
- Avoid placing Drinkware on unstable surfaces to prevent spills.
