MEET THE PEGBOARD DESK DOCK

Your Ultimate Desk Accessory

Upgrade your desk setup with brilliant color and convenience with Nanoleaf's dual faced Pegboard Desk Dock. Store & display your accessories with the light pegboard side, or turn for mesmerizing full-faced lighting effects.

The USB Hub Base allows you to easily charge, power, and connect your devices for the most seamless cable management.

*Nanoleaf Desktop App is required for full feature access.
The product is NOT compatible with the Nanoleaf Mobile App.*

WHAT MAKES THE PEGBOARD DOCK SPECIAL?

Dual Faced Lighting

Use the light pegboard side for a unique look that doubles as storage, or turn 180° for dynamic lighting effects. Simply click, lift & rotate to change!

Store Your Stuff

Keep your desk clean while having your accessories close at hand for easy access with the pegboard.

Connect Your Peripherals

Equipped with 3 data ports plus an additional USB-C Power Delivery port (for extra juice) – you're primed for gaming setup success.

WHAT MAKES THE PEGBOARD DOCK SPECIAL?

Plug & Play Setup

Pair with the Nanoleaf Desktop App instantly just by plugging the Pegboard Desk Dock into your computer for full access to features.

Customize Your Desk

Choose from 16M+ ambient colors, or create your own Scenes with dynamic animated motions and palettes for a completely personalized look.

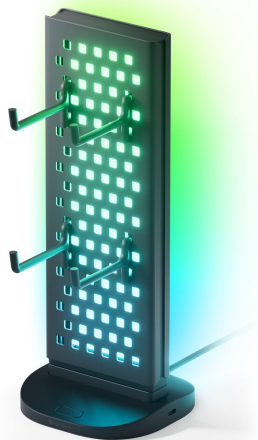

Immersive Gaming & Music

Screen Mirror your favorite games and set your lights to react to in-game events, or sync your favorite music to the Pegboard Dock for ultra immersion.
