

Safety Sheet - Bag

Do not overload the bag to avoid damage to the structure and discomfort during transport. Hand wash using a neutral detergent. Maximum water temperature: 30°C. Do not use a washing machine to avoid damage to the bag. Always close all zippers, especially in crowded environments, to prevent theft of contents or accidental spillage. The bag has a shoulder strap and fixed handles. Ensure the shoulder strap is comfortable and well positioned to avoid neck and shoulder strain during transport. Do not fold the bag to avoid permanent damage to the materials and seams. Distribute the weight evenly inside the bag to facilitate carrying and reduce the risk of deformation. Use the various pockets and compartments to organize items securely and accessibly. In very crowded environments, consider keeping the bag in front of you to prevent theft. Protect the bag from rain and prolonged exposure to the sun. The materials of this bag comply with REACH (Regulation (EC) No. 1907/2006), ensuring compliance with EU safety standards. This product is covered by a two-year warranty. On the packaging, you can find the disposal instructions specific to it by scanning the designated QR code. In case of questions or needs, contact customer service at 02252010. Visit www.tucano.com for more information.

Safety Sheet - Backpack

Do not overload the backpack to avoid damage to the structure and discomfort during transport. Hand wash using a neutral detergent. Maximum water temperature: 30°C. Do not use a washing machine to avoid damage to the backpack. Always close all zippers, especially in crowded environments, to prevent theft of contents or accidental spillage. If using on a motorcycle or bicycle, make sure all zippers are additionally secured. Do not fold the backpack to avoid permanent damage to the padding and fabric. The shoulder straps are adjustable: modify the length for optimal weight distribution and greater comfort. If present, use the chest strap while riding motorcycles or bicycles to increase the stability of the backpack. Load heavier items close to the back for better weight distribution. Use pockets to organize items securely and accessibly. In very crowded environments, consider carrying the backpack in front of you to prevent theft. Protect the backpack from rain and prolonged exposure to the sun. The materials of this backpack comply with REACH (Regulation (EC) No. 1907/2006), ensuring compliance with EU safety standards. This product is covered by a two-year warranty. On the packaging, you can find the disposal instructions specific to it by scanning the designated QR code. In case of questions or needs, contact customer service at 02252010. Visit www.tucano.com for more information.

Safety Sheet - Laptop Sleeve

The sleeve is designed to hold a laptop. Do not overload with other heavy items to avoid damage to the PC and the sleeve itself. Clean with a damp cloth and a neutral detergent. Avoid immersion in water and the use of harsh detergents that could damage the materials. The sleeve is equipped with an Anti-Slip System® inside that prevents the device from slipping out even when the zippers are open. Always close all zippers to protect the PC from dust and moisture. The sleeve offers protection from scratches and minor impacts; avoid throwing it to the ground or subjecting it to strong impacts. Store in a dry place to avoid exposure to moisture that could damage both the sleeve and the device inside. Do not fold the sleeve: it is not designed
