

INFORMATION FOR THE SAFE USAGE OF THE PRODUCT – MILITARY-CERTIFIED TABLET COVER

Avoid misuse. Use only for the purposes indicated on the product and for the original purpose for which it was designed. Ensure that the cover is compatible with the specific model of tablet. Do not use near heat sources to prevent deformation. **MILITARY DROP TEST CERTIFICATION:** This case provides protection against scratches, minor impacts, and accidental drops from heights of up to 1.2 meters, in accordance with the standards set by the MIL-STD810H drop tests. These military-grade drop test standards require that a product like this must remain fully operational after 22 drops from a height of 1.2 meters onto the ground. Avoid deliberately dropping the case or subjecting it to excessive impacts, as this may still damage the device. Avoid immersion in water and the use of harsh cleaning agents that could damage the materials. Store in a dry place to prevent exposure to moisture, which could harm both the case and the device inside it. Limit exposure to the elements. Protect the case from prolonged exposure to sunlight and rain to maintain the integrity of the materials and prevent damage to both the case and the device it contains. Do not bend the case: it is not designed to be folded. Bending the product may cause damage, breakages, or permanent creases that could compromise the integrity of the materials, components, and the protection of the device inside. Clean with a slightly damp cloth. Regularly check the cover for signs of wear and replace it if necessary. Dispose of the product in accordance with the current regulations of your local municipality. Disposal instructions for the packaging can be found by scanning the QR code on the packaging. The materials used in this product comply with the REACH Regulation (EC Regulation No. 1907/2006), ensuring conformity with EU safety standards. This product is covered by a two-year warranty. For any inquiries regarding the functionality, safety, or connection methods of the product, please contact TUCANO customer service. Visit www.tucano.com for more information. This information ensures compliance with applicable regulations and protects consumers during use.
