

Quick Start Guide

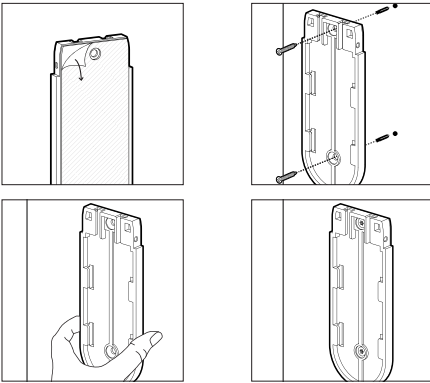

1. Remove the Torx screws with the provided Torx screwdriver.
2. Slide the Keypad unit off the mounting plate.

3. Remove the torx screw with the provided Torx screwdriver and pull out the battery cover.
4. Insert 2 x AA alkaline batteries, close the battery cover and secure it with the screw.

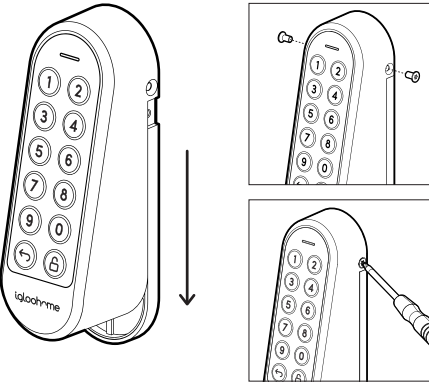

5. Peel off the backing of the adhesive from the mounting plate and press firmly against the wall.
6. Drill the mounting plate onto the wall with the provided screw and screw anchor.

*Before mounting the plate, it is recommended that the Keypad is already tested with the igloohome lock.

7. Slide the Keypad unit onto the mounting plate.
8. Secure the Keypad unit to the mounting plate with the Torx screws and Torx screwdriver provided.
